Collection Passion – Article Couture

The upholstery fabric "Couture", with a slightly shimmering tendril on a soft chenille base, reflects the "new opulence" of modern living.

The colours range from strong aubergine and masculine black, through gold-gleaming cognac, elegant crème and bright grey, to warm scarlet orange and fashionable olive and turquoise.

Minimum quantity for special colours: 50 m.

Width: 140 cm

Weight: 535 g per running metre

100 % Trevira CS

Collection Villetta – Articles Amarilli + Andario + Cimera

The modern country house collection Villetta, with high-quality jacquard weaves and compact structures, provides exciting contrasts and a pleasant feel. Ideal for the hotel sector.

The structured chenille Cimera and the plait pattern Andario are ideal combination materials for the impressive all-over flower Amarilli.

Minimum quantity for special colours: 50 m.

Width: 140 cm

Charisma Classic

Woven upholstery and curtain fabrics that meet the high demands of contract business in terms of quality, design, colour, ease of care and longevity.

Width: 140 cm + 280 cm (= on request)

Baumann Dekor is one of the few companies running printing, weaving, dyeing and finishing facilities under one roof. This unusual feature, combined with the outstanding in-house design competence, guarantees unparalleled flexibility.

Not surprisingly, this Austrian company is known in the world of contract business for its expertise in the development and design of customised upholstery and decorative fabrics.

In addition to customised design, Baumann Dekor offers extraordinarily rich standard collections of wovens and prints, suitable for different environments and styles. They include traditional Landhaus, modern to avant-garde and, last but not least, classical themes.

Classical patterns are a speciality of Baumann Dekor: a huge variety of upholstery and decorative fabrics covers rich textured solids, small-patterned coordinates, classical stripes and modern interpretations of classical, generous wide-repeat patterns. The colours are sophisticated, ranging from classical red, gold, black, blue and green shades to modern grey and silver tones. All are a perfect match for 5 star hotels, exquisite restaurants and casinos, as well as luxury ships.

These fabrics therefore represent a true treasure for any interior decorator, offering a harmonious combination of prints, weaves, upholstery fabrics, curtains and decorative fabrics.

Moreover, some of the fabrics are also available with Swarovski crystals, giving them an even more exquisite touch – to fit into the most prestigious hotels across the world. Crucially though, these fabrics are washable, strong and comply with stringent fire retardancy regulations.
