Backhausen interior textiles is a family-run business with members of the 6th and 7th generation at the helm. It develops and produces high quality furniture and decorative fabrics as a contract business specialist.

Twice a year Backhausen creates new collections all styles, but Backhausen is particularly specialised in developments according to customer's wishes. Within a few days, the design studio can present computer simulations of individual customer creations.

Passion

Be it in the cool loft or in the modern chalet, the opulent, fashionable designs of the PASSION collection reflect the "new opulence" of modern lifestyle and arouse the passion for more sense of materials and individuality.

"Couture" shows a slightly shimmering tendril on a soft chenille base that seems to be piped. The matching uni "Diamonds" got its name due to its shining points, which appear just like diamonds. "Luxury", an accentuated drape with a shining strip in varying shades, reveals its full beauty in the sunshine: pure luxury!

The beautiful multicolour strip "Tiffany" represents an unforgettable experience for the senses: different colours adorn this material that fascinates through its uniqueness. The collection's holistic concept of fabrics is completed by shimmering unis made of chenille, satin and velour.

Impressive colour shades underline this new opulence and range from strong aubergine and masculine black through gold-gleaming cognac, elegant crème and bright grey to warm scarlet orange and fashionable olive and turquoise.

Villetta

With VILLETТА, Backhausen is presenting a fashionable country house collection that provides exciting contrasts and a pleasant feel using high-quality jacquard fabrics, pithy structures and linen looks.

The highlights of the collection with large-register designs are represented by: "Amarilli", an upholstery fabric with an impressive all-over flower on linen base, as well as "Mosella", a multicolour print pattern with a striking stylised blossom on linen base.

Multicolour squares and stripes full of contrast and tuned to each other, as well as rough braided patterns and plain fabrics supplement the natural character of the collection and open up a variety of combination options.

Heated characters are calmed down by fresh colour combinations such as green/blue, pink/green and red/blue, and set exciting trends in combination with the warm olive/wine-red, terracotta/corn or bordeaux/brown/turquoise variations.

All articles are available from stock in cut length.
Minimum quantity for special colours: 50 m.

Baumann Dekor is in the fortunate position to operate under one roof all the facilities for printing, weaving, piece and yarn dyeing, and finishing.

This unusual feature combined with the outstanding inhouse design competence guarantees unparalleled flexibility and the potential to fulfil the customer's requirements not only in terms of quality but also in terms of design and colour.

New trendy fabrics are developed on a regular basis to complement existing collections: all prints, weaves, upholstery fabrics, curtains and decorative fabrics are available in a wide range of both neutral and vivid colours, ranging from bright red and pink, black, blue, turquoise, to modern gray and silver tones.

Interior designers and architects alike appreciate the inspiration they get from Baumann Dekor fabrics: from rich textured plains, small-patterned coordinates, sophisticated stripes, and generous wide-repeat patterns.

It goes without saying that all these Baumann Dekor fabrics are perfectly fit for exclusive hotels, exquisite restaurants and casinos, as well as luxury ships.

Woven and printed upholstery und drapery fabrics for contract business; excellence in terms of quality, design, colour, ease of care, longevity.
